WHY CHOOSE SHLIN

4× — **PRECISION ANALOG CONTROL**
VCI/CCI analog accuracy improved to 1/4000 — 4× the resolution of standard drives. Tighter process control, better outcomes.

ECO — **FULL AUTOMATION ECOSYSTEM**
VFD + Servo + PLC + HMI — one brand, one supplier, one point of contact for your entire automation chain.

CAP — **20%+ MORE CAPACITANCE**
Extended component lifespan vs. previous generation. Longer service intervals, less unplanned downtime.

→ — **FAST DELIVERY FROM ANTWERP**
Stock held in Belgium. No import delays. Your projects stay on schedule.
